

Nutritious Thoughts' Pet Policy

No pets are allowed in Nutritious Thoughts' office except service animals. Service animals are dogs that are individually trained to do work or perform tasks for people with disabilities. The service animal must be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the individual's disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls. The individual must keep the service animal in control and the animal must be housebroken.
